"Essential Soft Skills for Engineering Excellence"

Name of the Event	: "Essential Soft Skills for Engineering Excellence"
Name of the Resource person	: Mr.Talvinder Singh - CEO , Pragmatic Leaders
Date of the Event	: 16.05.2024 (11.00.a.m – 12.30.p.m)
No of Participants	: 15

About the Event :

EASA College of Engineering and Technology is proud to present the "Essential Soft Skills for Engineering Excellence" training program. In today's dynamic engineering field, mastering soft skills is as critical as technical prowess.

This program is designed to develop key competencies such as effective communication, teamwork, problem-solving, and leadership. These skills are essential for engineers to work collaboratively, manage complex projects, and adapt to evolving challenges.

By participating in this program, students will enhance their ability to connect with colleagues, lead with confidence, and navigate the professional world with agility. Equip yourself with these indispensable skills to stand out and succeed in your engineering career. Join us to unlock your full potential and achieve engineering excellence.

“Training on Personal Effectiveness”

Name of the Event : Activity based Personal Effectiveness Program
Name of the Resource person : Ms.SHAKTHI SHREE.G M, Corporate Trainer
Date of the Event :15.09.2023
No of Participants : 30

- ❖ The second day of the fresher's Induction Programme is hosted at EASA College of Engineering and Technology on 15th August 2023 to welcome the B.E./B.Tech 2023-2027 batch students.
- ❖ At the special event, Ms. Shakthi Shree, Corporate & Institution Trainer (Soft Skills), is invited to preside over the event as a guest speaker and address the students on "Personal Effectiveness".
- ❖ Students were actively participated in activities focusing on particular traits on soft skill such as

Volunteering and Memorizing Activity

Elevating Energy , Controlling/ Balancing Emotions , Self Analysis

Identifying own abilities to open up their blind spots

Communication and opening up for needs

Goal Setting

- ❖ The students find a very active participation and explored on new dimensions of soft skills to start their career in their best way.

Name of the Event : Goal Setting , Confidence Building and Self Thought
Reflection

Name of the Resource person : Mr.Vishnu Dhyanesh
Founder , KARKA LEARNING , Ms.Monisha
Thangam - Educational Enthusiast

Date of the Event : 05.04.2024

No of Participants : 104

About the Organization :

Karka Learning a Pioneer in Creating a learning environment that is sustainable and contemporary to equip students with understanding and new world skills. To change perspectives on education by looking beyond the conventions and pave student centric learning methods, that prioritise understanding.

About the event:

A 150 Minute outcome driven, impactful High-value knowledge sharing session to aid Student's emotional, mental and intellectual well being.

❖ **Goal Setting and Personal Vision Statement:** Participants gain clarity on their personal

and academic goals, develop actionable plans to achieve them, and articulate a compelling vision statement to guide their future endeavors.

❖ **Confidence building and IKIGAI:** To Empower participants develop increased selfconfidence,

resilience, and motivation to take on challenges, set ambitious goals, and pursue their dreams with resilience.

❖ **Self awareness and Reflection:** Participants develop enhanced self-awareness, a deeper

understanding of their values and motivations, and greater clarity on their personal and academic goals. They learn to leverage their strengths, address areas for improvement, and cultivate a greater sense of authenticity and purpose in their lives.

ONLINE TALK UNFOLD YOUR WINGS , SOARING TOWARDS SUCCESS IN YOUR NEXT CHAPTER

Name of the Event : Online Talk Unfold your Wings , Soaring Towards Success in your Next Chapter

Name of the Resource person : Mr. Palanivel Manoharan, Senior Cyber Security Architech , Humans Inc , USA

Date of the Event : 08.03. 2024

No of Participants : 30

About the event:

On March 8, 2024, 3rd-year students from the CSE, IT, and AI & DS departments at EASA participated in an inspiring and thought-provoking motivational talk titled "Unfold Your Wings: Soaring Towards Success in Your Next Chapter."

The renowned speaker, Mr. Palanivel Manoharan, a leading expert in personal development and success strategies, delivered the talk. The key takeaways were self-discovery, overcoming challenges, goal setting, embracing failure, and continuous learning.

The session was interactive, encouraging students to ask questions and share their thoughts, rather than a simple monologue. It was an enlightening and motivating experience for all.

"Behavior Breeds Behavior: The Importance of Positive Interactions"

Name of the Event : "Behavior Breeds Behavior: The Importance of Positive Interactions"
Name of the Resource person : Ms.Elakkiya - Soft Skill Trainer , EDUNET , IBM Edunet Foundation, Gurgaon
Date of the Event : 21.11.2023 (10.00.a.m – 12.30.p.m)
No of Participants : 27

About the Event:

Welcome to our interactive soft skill training program at EASA College of Engineering and Technology. Today, we focus on the powerful concept that "Behavior breeds behavior." This principle highlights the impact of our actions and attitudes on others, underscoring the importance of fostering positive interactions in both personal and professional environments.

In a collaborative setting like ours, the way we behave influences not only our own outcomes but also the responses and behaviors of those around us. Positive behavior, such as showing respect, empathy, and active listening, creates a ripple effect, encouraging others to reciprocate in kind. This can lead to a more harmonious and productive atmosphere, essential for success in engineering projects and teamwork.

Conversely, negative behaviors such as hostility, dismissiveness, or neglect can breed similar reactions, leading to conflict, reduced morale, and inefficiency. As future engineers, mastering the ability to cultivate positive behavior in ourselves and others is crucial. It enhances teamwork, fosters innovation, and builds a supportive community.

Through this training, we will engage in activities and simulations that illustrate how our behaviors influence group dynamics. By reflecting on these experiences, we will develop strategies to maintain a positive and constructive environment. Remember, your behavior sets the tone. Let's create a culture where positive behavior breeds more positive behavior, paving the way for mutual growth and success.

"Teamwork Skills: Communicating Effectively in Groups"

Name of the Event : Teamwork Skills: Communicating Effectively in Groups
Name of the Resource person : Mr. E.BASIKARAN , SOFT SKILL TRAINER , ECET
Date of the Event : 03.05.2024
No of Participants : 20
About the Event:

In today's competitive job market, effective communication skills are paramount for securing and excelling in professional roles.

The Communication Skills Development Program at EASA College of Engineering and Technology aims to equip final-year students with the essential verbal and non-verbal communication competencies required for successful placements and interviews.

Mastery in communication not only enhances students' confidence but also significantly improves their ability to articulate thoughts clearly, engage in persuasive discussions, and collaborate efficiently within teams. This program addresses crucial aspects such as resume writing, interview techniques, and presentation skills, ensuring our graduates stand out to potential employers.

By participating, students will gain a competitive edge, fostering better career opportunities and professional growth.

Our goal is to bridge the gap between academic knowledge and industry expectations, preparing our students to thrive in their chosen careers.

"INFORMAL DISCUSSION AMONG STUDENTS AND A CORPORATE - AN ONLINE WEBINAR"

Name of the Event : Activity based Personal Effectiveness Program

Name of the Resource person : Mr. J. Chitrapandi, SDET - Senior Test Automation Engineer at Boeing.

Date of the Event : 15.09.2023

No of Participants : 30

About the Event:

Students of III CSE organized an online webinar on March 25, 2024, at 10:00 AM, featuring a distinguished corporate guest. Mr. H. Sanjivgandhi and Mr. B. Sivasankaran, student coordinators of III CSE, welcomed the attendees and introduced the esteemed resource person, Mr. J. Chitrapandi, SDET - Senior Test Automation Engineer at Boeing.

The session fostered an informal atmosphere conducive to engaging discussions.

The corporate representative, a seasoned professional from a leading tech firm, shared invaluable insights on industry trends, upcoming technologies, and the evolving job landscape.

The interactive nature of the discussion encouraged candid conversations. The corporate representative also offered practical tips on resume building, interview preparation, and networking strategies, providing students with actionable insights.

About the event:

Our College Students' Vision for Viksit Bharat in 2047.

EASA College of Engineering and Technology is hosting a discussion on 'Envisioning Viksit Bharat @ 2047' on January 4, 2024, at 10:00 AM in the Seminar Hall.

This event is a part of the 'KOVAI VIZHA' celebrations. Our students eagerly share their insightful visions and perspectives towards shaping India's future, encompassing economic growth, social progress, environmental sustainability, and good governance.

Join us as we delve into the roadmap for a transformed India by 2047.

As a part of the 'COIMBATORE VIZHA' celebration, ECET organized a discussion on 'Envisioning Viksit Bharat @ 2047'.

Our students participated in the event and shared their insights and perspectives on shaping India's future. The discussion encompassed different aspects of the country's growth, including economic development, social progress, environmental sustainability, and good governance.

Which bilaterally nurtured the scope of improving COMMUNICATION SKILLS.

Effective Communication: Writing, Design, and Presentation Specialization

Name of the Event	: Effective Communication: Writing, Design, and Presentation
Name of the Resource person Cbe	: Mrs.Meenakshi, Soft Skill Trainer , CRASKILLS,
Date of the Event	: 25.04.2024
No of Participants	: 20

About the event:

EASA College of Engineering and Technology is organizing a comprehensive Communication Skills Program tailored for **final year engineering students**. In today's highly competitive job market, possessing strong technical abilities alone is not sufficient; effective communication is equally critical.

This program aims to bridge the gap between technical knowledge and practical communication, enabling students to articulate their ideas clearly, collaborate efficiently, and present their work confidently. Proficiency in communication enhances teamwork, problem-solving, and leadership skills, making it indispensable for career advancement. By participating in this course, students will gain a crucial advantage, preparing them to excel in both their academic pursuits and professional endeavors. Join us to master the art of communication and unlock your full potential as a future engineer.

About the event:

As part of the EASA SAHA Inauguration program, the Department of Science and Humanities at EASA College of Engineering and Technology is proud to organize a Corporate Communication Training Program. In today's corporate landscape, effective communication is a cornerstone for success, transcending all fields and industries.

Engineering students, in particular, need to develop strong communication skills to convey complex ideas clearly, collaborate with multidisciplinary teams, and present their innovations persuasively. This program is designed to equip students with the essential communication tools and techniques required in the corporate world, including business writing, presentation skills, and interpersonal communication. By honing these skills, our students will be better prepared to meet the demands of their future careers, ensuring they can

Harmony of Body and Mind: Celebrating International Yoga Day

Name of the Event : Harmony of Body and Mind: Celebrating International Yoga Day
Name of the Resource person : Ms. Meena Priya and Mr. Mani Prabhu, Yoga Trainers, Coimbatore
Date of the Event : 21.06.2024
No of Participants : 84

About the Event:

EASA College of Engineering and Technology organized a wellness session on how to embrace the spirit of wellness and tranquility on International Yoga Day. This special event invited students, faculty, and staff to discover the profound benefits of yoga, uniting body, mind, and spirit in perfect harmony.

Yoga, an ancient practice rooted in India, offers a pathway to holistic health and inner peace. Through a series of gentle postures (asanas), controlled breathing techniques (pranayama), and meditation, participants can alleviate stress, enhance flexibility, and foster mental clarity. On this occasion, we emphasized the importance of physical and mental well-being in our fast-paced lives.

About the Event:

EASA College of Engineering and Technology took a stand against child labor by organizing a dedicated event on World Day Against Child Labor. With a firm commitment to education and social responsibility, the event aimed to raise awareness and promote action against the exploitation of children in the workforce. Through insightful discussions, impactful presentations, and heartfelt pledges, students and faculty came together to advocate for every child's right to education and a childhood free from labor. By fostering dialogue and spreading awareness, EASA College reaffirmed its dedication to creating a future where all children can thrive and grow into their full potential.

Name of the Event : Harmony with Nature
Name of the Resource person : Mr. M. Senthil Kumar, Vice President, Pichanur Panchayat
Date of the Event : 05.06.2024
No of Participants : 93
About the Event:

EASA College of Engineering and Technology embraced the spirit of World Environmental Day with a celebration of our planet's natural beauty and the importance of environmental stewardship. This event aimed to raise awareness about pressing environmental issues and inspire collective action towards sustainable living practices.

Through engaging activities, informative workshops, and insightful discussions, we explored innovative solutions for conservation, renewable energy, and biodiversity preservation. Students, faculty, and environmental enthusiasts alike are participated and contributed their ideas to protect and nurture our precious ecosystems. Together, let's pledge to make a positive impact on our environment, ensuring a greener, cleaner future for generations to come.

Free Eye Camp

Name of the Event : Free Eye Camp
Name of the Agency : Eye Foundation, Coimbatore
Date of the Event : 14.12.2023
No of Participants : 93

About the Event:

EASA College of Engineering and Technology announced a free eye camp organized in collaboration with Eye Foundation, Coimbatore. This initiative aimed to provide comprehensive eye care services to the community, promoting vision health and awareness. Residents of all ages are invited to avail themselves of this opportunity to receive expert consultations, screenings, and necessary treatments, all at no cost. The camp was scheduled to be held at our campus premises, ensuring convenient access for participants. Together, let's strive for a brighter, clearer future for all by prioritizing your vision health

Name of the Resource Persons : Ms. Menna, Ms. Susila, Yoga Veera, Isha Yoga, Kuniyamuthur
Dr. G. S. Sharmila, Associate Professor/Medical Officer, Department
of Biochemistry & Nutrition, JSSINYS, Coimbatore

Date of the Event : 17.11.2023

No of Participants : 96

About the Event:

EASA College of Engineering and Technology organized a wellness session on how to embrace the spirit of wellness and tranquility for college freshers. This special event invited students, faculty, and staff to discover the profound benefits of yoga, uniting body, mind, and spirit in perfect harmony.

Yoga, an ancient practice rooted in India, offers a pathway to holistic health and inner peace. Through a series of gentle postures (asanas), controlled breathing techniques (pranayama), and meditation, participants can alleviate stress, enhance flexibility, and foster mental clarity. On this occasion, we emphasized the importance of physical and mental well-being in our fast-paced lives.

- Name of the Event** : Career Opportunities in the merchant Navy
- Name of the Resource person** : Mr. Garish Jerome, Marine Engineer, Faculty at HIMT
Mr. S. Paranthaman, Marine Engineer, Course-in-Charge(B.Tech)
- Date of the Event** : 22.05.2024
- No of Participants** : 22

About the Event:

EASA College of Engineering & Technology (ECET) in collaboration with Hindustan Institute of Maritime Training, Chennai organized a webinar aimed to inform and guide students about the various career opportunities available in the Merchant Navy, providing insights from experienced professionals in the field. On 22-05-2024. The target audience of the webinar were Final and Pre-Final Year Students of Mechanical and Electronics and Communication Engineering streams. Head of the department of mechanical engineering Mr.S Subhash welcomed the speakers and the gathering. Mr Santhosh kumar AP/Mech introduced the speakers.

Mr. Garish Jerome shared his experiences as a Marine Engineer and provided valuable insights into the technical and practical aspects of a career in the Merchant Navy. He discussed the skills required, the training involved, and the various career paths available.

Mr. S. Paranthaman focused on the academic and training programs offered by HIMT. He explained the course structures, certifications, and the career progression within the Merchant Navy. His session was particularly informative for students considering specialized training post their engineering degrees.

Following the guest speaker presentations, there was an interactive Q&A session where students had the opportunity to ask questions and clarify their doubts regarding the Merchant Navy careers. The guest speakers and faculty members provided detailed answers and encouraged students to pursue their interests in this field.

The event concluded with closing remarks from Mr. Chandru AP/ECE, who thanked the guest speakers, organizers, and students for their participation. He reiterated the commitment of ECET to support its students in their career endeavors through such informative sessions.

The webinar on "Career Opportunities in the Merchant Navy" was a successful event that provided ECET students with comprehensive knowledge about career prospects in the maritime industry. The collaboration with Hindustan Institute of Maritime Training ensured that students received expert advice and were well-informed about the steps needed to pursue a career in the Merchant Navy.

Name of the Resource person : Dr. B. Krishna Kumar

Date of the Event : 03.05.2024 & 04.05.2024

No of Participants : 50

About the Event:

EASA College of Engineering and Technology organized an enlightening two-day workshop on "Unlocking the Secrets of Smartphones." The students discovered the inner workings of these ubiquitous devices, from hardware to software, and delve into cutting-edge technologies that drive their functionality. Students may engage with industry experts as they share insights into the latest trends and innovations in smartphone technology. Whether you are a student, tech enthusiast, or industry professional, this workshop offered a unique opportunity to deepen your understanding and stay ahead in the rapidly evolving world of mobile technology. It was an immersive learning experience that promises to unlock new perspectives on smartphones.

Emerging trends and technologies in Embedded and IoT

Name of the Event : Emerging trends and technologies in Embedded and IoT

Name of the Resource person : Ms. Mythili, Embedded Engineer, IPCS Global Solutions, Coimbatore

Date of the Event : 26.03.2024 & 28.03.2024

No of Participants : 44

About the Event:

On 26.03.2024 and 28.03.2024, Students of the III ECE,II ECE Students attended an Seminar on Emerging Trends and Technology in Embedded and IoT .The talk was delivered by the esteemed resource person, Ms.Mythili ,Embedded Engineer, IPCS Global Solutions, Coimbatore who is renowned for her expertise in field of Embedded systems and Internet of Things .Students of 44 gained knowledge in field of Embedded Systems and IoT.

The key takeaway points from the workshop were: Concepts of Embedded Systems, various microcontroller and its interfaces, various Sensor interfaces, Working on IoT Device, view live streaming data on Cloud Platform. The talk was not merely monologue but an interactive session where students were encouraged to ask questions and share their thoughts. It was an enlightening and created innovation among students to develop an Embedded Product and improves Startup Ideas to the Students.

Innovation Plus Prototype Validation- Converting Innovation into a Startup

Name of the Event : Innovation Plus Prototype Validation- Converting Innovation into a Startup

Name of the Resource person : Mr.M. Vivek Kumar, Project Associate and Head of Innovations, Sri Eshwar Ignite Startup Accelerator, Sri Eshwar College of Engineering, Coimbatore

Date of the Event : 11.07.2023

No of Participants : 62

About the Event:

Turning a groundbreaking idea into a viable startup requires more than just innovation—it demands rigorous prototype validation. This crucial phase ensures that concepts are transformed into tangible products or services that address real market needs. By validating prototypes, startups refine their offerings, mitigate risks, and enhance market readiness. This process not only proves feasibility but also attracts investors and stakeholders by demonstrating tangible progress towards commercialization. Mr.M. Vivek Kumar highlighted these points through effective communication. Through iterative testing and feedback loops, startups refine their value propositions, ensuring alignment with customer expectations and industry standards. Ultimately, effective prototype validation accelerates the journey from idea to impactful startup, setting the stage for sustainable growth and competitive advantage in the market.

Futuristic Entrepreneur Skill for Industrial Automation

Name of the Event : Futuristic Entrepreneur Skill for Industrial Automation

Name of the Resource person : Mr. M. Dinesh, Technical Director, ACEEDO Limited

Date of the Event : 20.11.2023

No of Participants : 49

About the Event:

EASA College of Engineering and Technology for an enlightening seminar on Futuristic Entrepreneur Skills for Industrial Automation. Discover the latest trends and techniques shaping the future of automation and entrepreneurship. The students gained insights from industry experts on innovative strategies and technological advancements crucial for thriving in the evolving industrial landscape. Whether you are a student aspiring to enter the field or a professional looking to stay ahead, the seminar promised valuable knowledge and networking opportunities. The students explored the intersection of entrepreneurship and cutting-edge automation technologies.

Hitech Hydroponics

- Name of the Event** : Hitech Hydroponics
- Name of the Resource person** : Dr. L. Chandran, Consultant, Agri Projects
- Date of the Event** : 27.10.2023
- No of Participants** : 101

EASA College of Engineering and Technology conducted a seminar on Hi-Tech Hydroponics to revolutionize modern agriculture. This innovative farming technique eliminates soil, using nutrient-rich water solutions to grow plants efficiently and sustainably. The seminar delved into the intricacies of hydroponics, exploring its potential to enhance crop yields, conserve water, and optimize land use in urban and rural settings alike.

Dr. L. Chandran shared insights on advanced hydroponic systems, cutting-edge technologies, and real-world applications. Whether you're a seasoned agriculturist, an environmental enthusiast, or simply curious about future farming practices, this seminar promised to be enlightening and inspirational.
